UNITED NATIONAL Antiwar Conference

Let's work with those who stand with us!

Whenever there is an attack on Muslims these people stand up for us. They fight for us. They march with us. They oppose hate and wars. Let's return the favor. Join activists from the antiwar movement, occupy movement, immigrant rights, labor, and other movements at a conference from March 23-25, 2012 to challenge the wars of the 1% against the 99% at home and abroad. US, NATO & G8 must stop invading other countries.
